AMENDMENT B

Assistant Commissioner for Patents

Washington, D.C. 20231

Dear Sir,

In response to Office Action 10/785,159 mailed 07/26/2007, please amend the above application as follows:

OFFICE ACTIONS

Status 2a) This action is final.

Disposition of Claims

4) Claims 13-24 are pending in the application.

6) Claims 13,14 and 16-24 are rejected.

7) Claim 15 is objected to.

The allowable claim 15, which is similar to that previously allowable claim 3, should be written as a new claim, Claim 13, and all other claims to be cancelled.

CLAIMS: Cancel all claims of record and substitute new Claim 13 as follows;

I claim:

13. In a golf club carrying system having a removable device for attaching to the exterior of a golf bag, for holding a golf club or other implement, said device comprising:

(a) holding means for holding the golf club or other implement, and

(b) fastening means for fastening said holding means externally to the golf bag,

whereby, said device is securely and removably attached to the exterior of a golf bag providing means for holding and protecting a golf club or other implement used during a round in the game of golf, the golf club or other implement being rendered readily and conveniently accessible by a golfer;

(c) said holding means comprising:

(d) a hollow, open ended, flat or tubular sleeve, and

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

- (e) wherein said sleeve is of predetermined inner diameter, length, width and shape, and
- (f) wherein said sleeve is made of flexible plastic or natural or synthetic fabric, and
- (g) said sleeve further including front and back sides, top and bottom ends, top and bottom tabs and a slot, and
- (h) wherein said top tab extends from said top end of said back side of said sleeve and is of predetermined length and width, and
 - (i) wherein said top tab has a slot of predetermined length, width, location and orientation, and
 - (j) wherein said bottom tab extends from said bottom end of said front side of said sleeve and is of predetermined length and width, and
 - (k) wherein said bottom tab has a plurality of slits of predetermined length, width, location and orientation, and
 - (l) wherein said bottom tab serves to close said bottom end of said sleeve, and
 - (m) wherein said slot in said sleeve is located near said bottom end of said back side of said sleeve and is of predetermined length, width, location and orientation.

Conclusion

Pro Se applicant has gratefully received constructive assistance and guidance by the Examiner pursuant to MPEP 707.07(j). Applicant believes this application is now in allowable condition and respectfully solicits allowance.

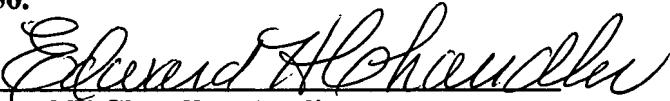

Very Respectfully,

Edward H Chandler
